

Explorer English

A Career Development Programme for
Experienced Professionals and Executives

At senior level, the path into a next role is a strategic moment to reassess your career trajectory, understand how your profile is perceived and define your next step with clarity and focus. Explorer English offers a candid sparring format that brings structure, perspective and momentum to this process. Individual coaching and facilitated peer exchange create a setting in which you can reassess your direction, challenge your assumptions and turn reflection into focused next steps.

Set the Course for Your Next Career Chapter

What You Gain:

Greater professional impact

Clarify the values, strengths and leadership patterns that define you, and use peer feedback to understand how they come across to others

A targeted market strategy

Sharpen your value proposition, make your intercultural skills visible and define how to access opportunities in both the open and hidden job market

Application and interview performance

Strengthen your application documents, interview performance and communication through storytelling, body language and structured preparation

AI-supported application skills

Learn how to use AI confidently in the recruiting context, including practical prompting methods for documents, messaging and interview preparation

Individual sparring

Work one-to-one with an experienced sparring partner to clarify your goals, challenge your assumptions and translate insights into focused next steps

A cross-industry peer network

Exchange with experienced professionals from different industries, gain perspectives beyond your own field and expand your professional network

Format & Duration:

- **5 in-person workshop days** with applied working sessions, peer feedback, interview preparation and guided reflection
- **2 days online deep-dive sessions** on AI, digital recruiting tools and practical application in the recruiting process
- **2 individual sparring sessions** for targeted support during the programme and follow-up guidance after completion
